Let's get cycling...

Welcome to the eighteenth edition of the Exeter Cycle Guide & Map.

Cycling is a great way to get around Exeter. This map is designed to be useful for anyone on a bike. The roads and cycle tracks are colour coded to show what type of route to expect when you cycle through and around Exeter for your commute, travel to school, shopping, social, leisure or simply for exercise.

Cycling tips

Share the space

- Be polite and considerate. If someone lets you pass, thank them.
- Bikes are quiet so let people know you are coming – ring your bell, or a friendly “Hello!” often works wonders.
- Take care when passing others, especially children and older or disabled people and allow them plenty of room.

Use it, don't lose it! Bike security advice:

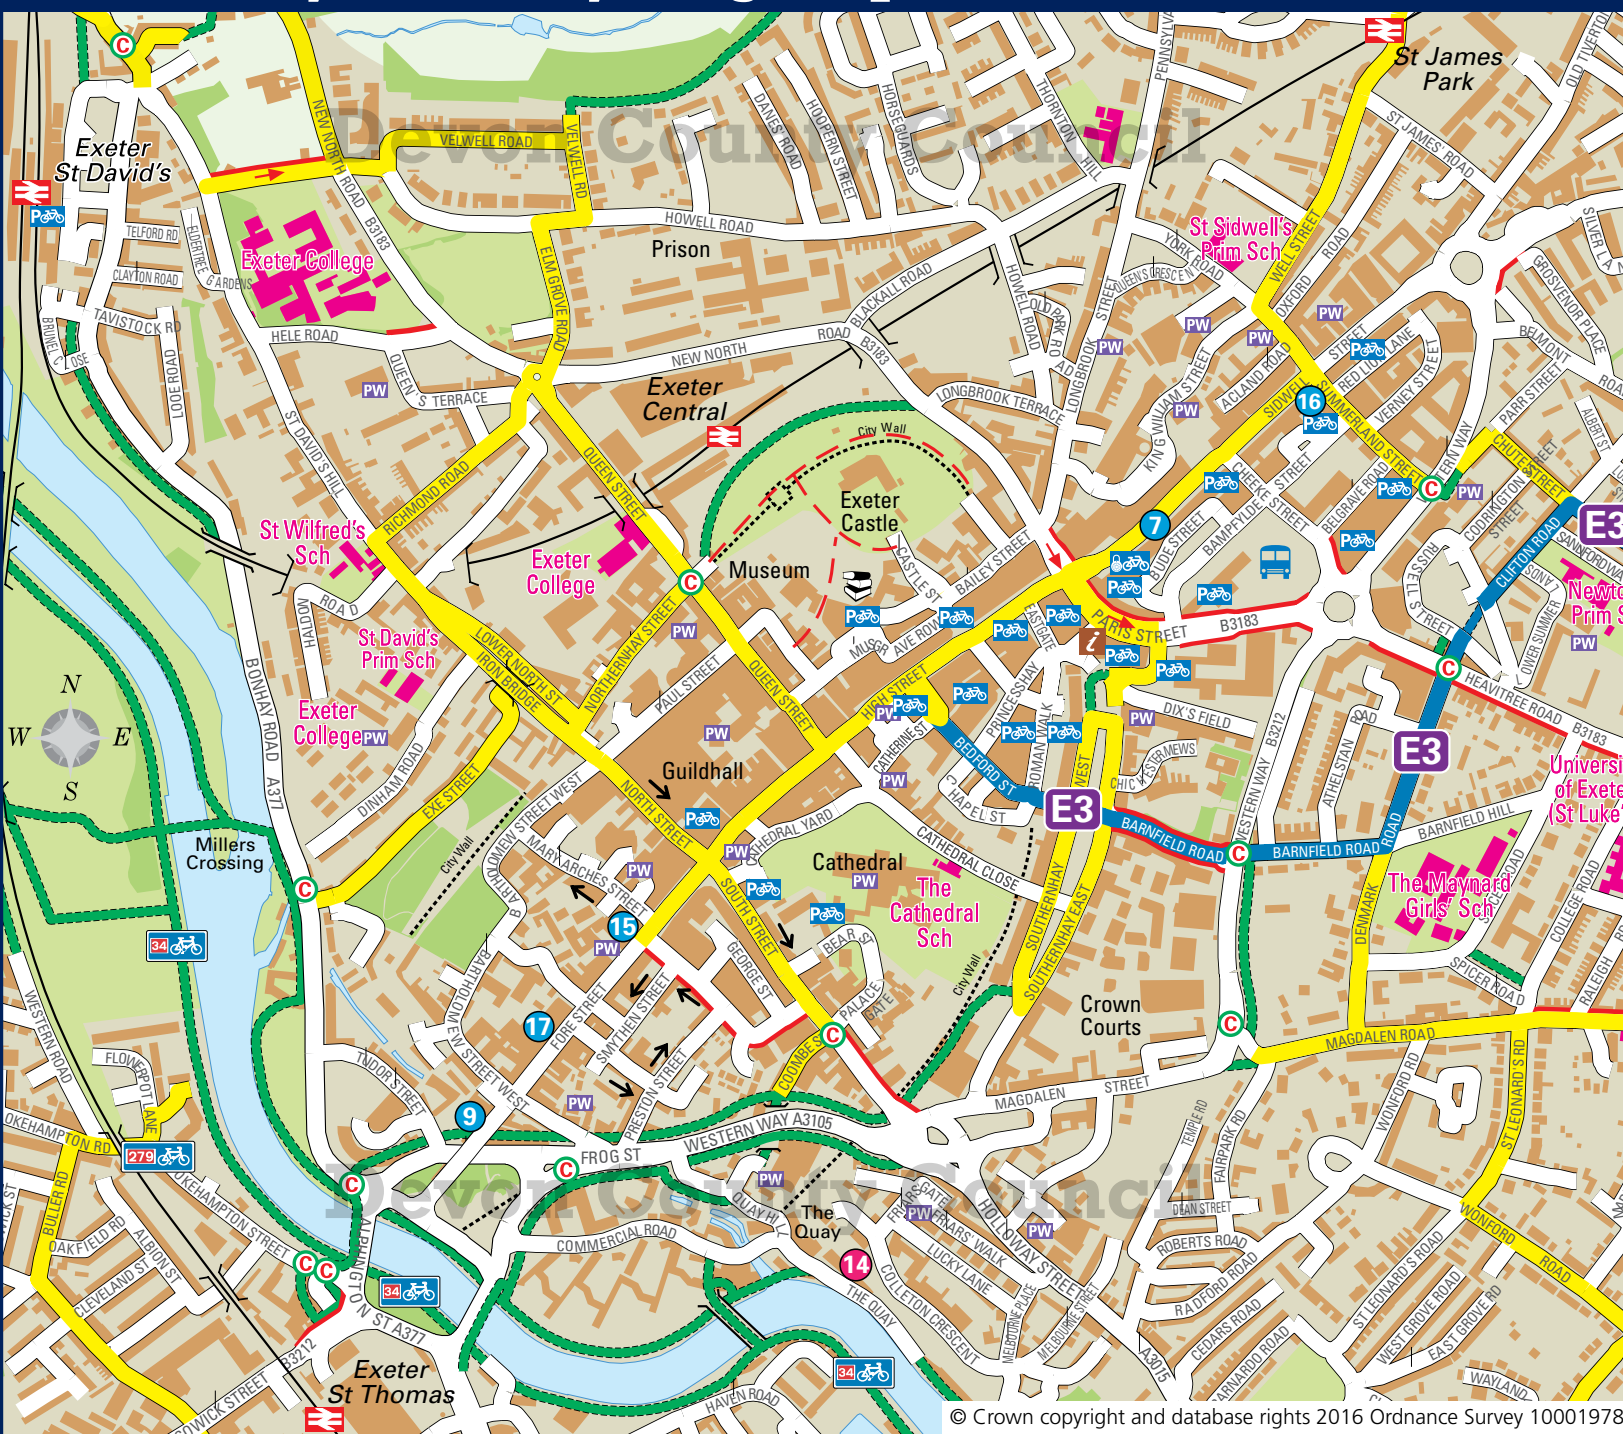

- Get a decent bike lock, D locks are recommended. Always lock your frame and wheels to the cycle stand.
- Make a note of your bike details (model, frame number) and get it insured.

Savvy cycling!

- Improve your bike skills – good observation and correct road positioning will keep you safe. Cycle confidence courses available for free for adults and children. www.cycledevon.info/cycle-training
- Wear a cycle helmet (with a British Standard EN1078) – ensure it is a good fit.
- Use lights at night - front and rear.
- It is illegal to cycle on the footway unless it is specifically marked for cyclists.
- On-road, position yourself where you are visible and keep away from the kerb or parked cars.

The Exe Estuary Trail

Devon County Council is creating a fantastic new cycle/walkway known as the Exe Estuary Trail. It is part of Route 2 of the National Cycle Network.

The 26 mile trail runs along both sides of the Estuary, giving access to views as never before. The trail connects 80,000 residents to the city of Exeter and is used by nearly 200,000 people per year.

Visit www.cycledevon.info or www.exe-estuary.org for further information.

Cycles & trains at Exeter stations

Cycles can be carried on all trains from Exeter stations but at peak times space is at a premium. The rail companies have different cycle carriage policies and varied space available. If you wish to take bikes you are advised to check the rail company's cycle carriage policy. At Exeter St David's Station there are many cycle parking stands inside the station on the platform and outside.

Folding bicycles can be hired at Exeter St David's Station. To hire a bike you first need to become a member by registering with Brompton Dock. Visit www.bromptondock.co.uk for more information.

Junctions & crossings

Toucan Crossing
Pedestrians and cyclists share a signalled crossing area. Cyclists do not need to dismount.

Cyclists Using Pedestrian Crossings
Cyclists may use other crossings to cross the road, e.g. pelican and zebra, but should always dismount.

Advanced Stop Lines
A number of traffic signal controlled junctions in the city have advanced stop lines for cyclists. They enable cyclists to get to the front of traffic queues and improve safety, particularly when turning movements are involved.
