exeter

If you are looking for an activity break, Exeter is the perfect destination. Its location on the River Exe, surrounded by countryside and close to the coast, lends itself perfectly to exploring the great outdoors.

Day One:

9:00

Start your adventure-fuelled day at Exeter Quayside! Head to Saddles & Paddles and hire out a paddleboard or kayak, to test your balance as you travel down the river. Then make your way over to the Quay Climbing Centre to push your strength to the limit, at one of the South West's largest indoor climbing walls.

13:00

Head back to Saddles and Paddles on the opposite side of the river where you'll become equipped for a cycling adventure along the Exe Estuary Trail by bike.

13:30

Stop off for lunch at the Double Locks, for some hearty pub grub to fuel up for your journey along the river.

15:00

Continue your cycling journey to Exmouth, keeping an eye out for the wildlife along the estuary!

16:00

Embark on a Stuart Line Cruise in Exmouth, for a view of the coastline that you won't find anywhere else. Check online for events, the cruise occasionally hosts themed music nights!

18:00

Hop on a train to make your way back to Exeter, perhaps jump off at Topsham for an evening meal at The Galley Fish and Seafood restaurant!

Day Two:

All Day

You now have a spare day to explore the city to discover what activities you'd like to do next! Enjoy a round of golf with friends at Exeter Golf and Country Club.

Get your hiking boots on and make your way along the walking trails at Haldon Forest - if you're feeling brave ascend into the treetop canopy at Go Ape! for a zip-wire adventure!

For something a little more calming that still gets you outdoors, follow the Exeter Green Circle, a 12 mile circular route around the city, taking in diverse neighbourhoods, leafy suburbs, and hidden heritage.

Day Three:

All Day

Sport is a major part of the culture in Exeter. Catch a home game at Exeter City Football Club or watch the Exeter Chiefs Rugby Club play their fixtures at Sandy Park Stadium!
