# Let's get cycling...

Welcome to the eighteenth edition of the Exeter Cycle Guide & Map.

Cycling is a great way to get around Exeter. This map is designed to be useful for anyone on a bike. The roads and cycle tracks are colour coded to show what type of route to expect when you cycle through and around Exeter for your commute, travel to school, shopping, social, leisure or simply for exercise.

# Cycling tips

### Share the space

- Be polite and considerate. If someone lets you pass, thank them.
- Bikes are quiet so let people know you are coming – ring your bell, or a friendly "Hello!" often works wonders.
- Take care when passing others, especially children and older or disabled people and allow them plenty of room.

### Use it, don't lose it! Bike security advice:

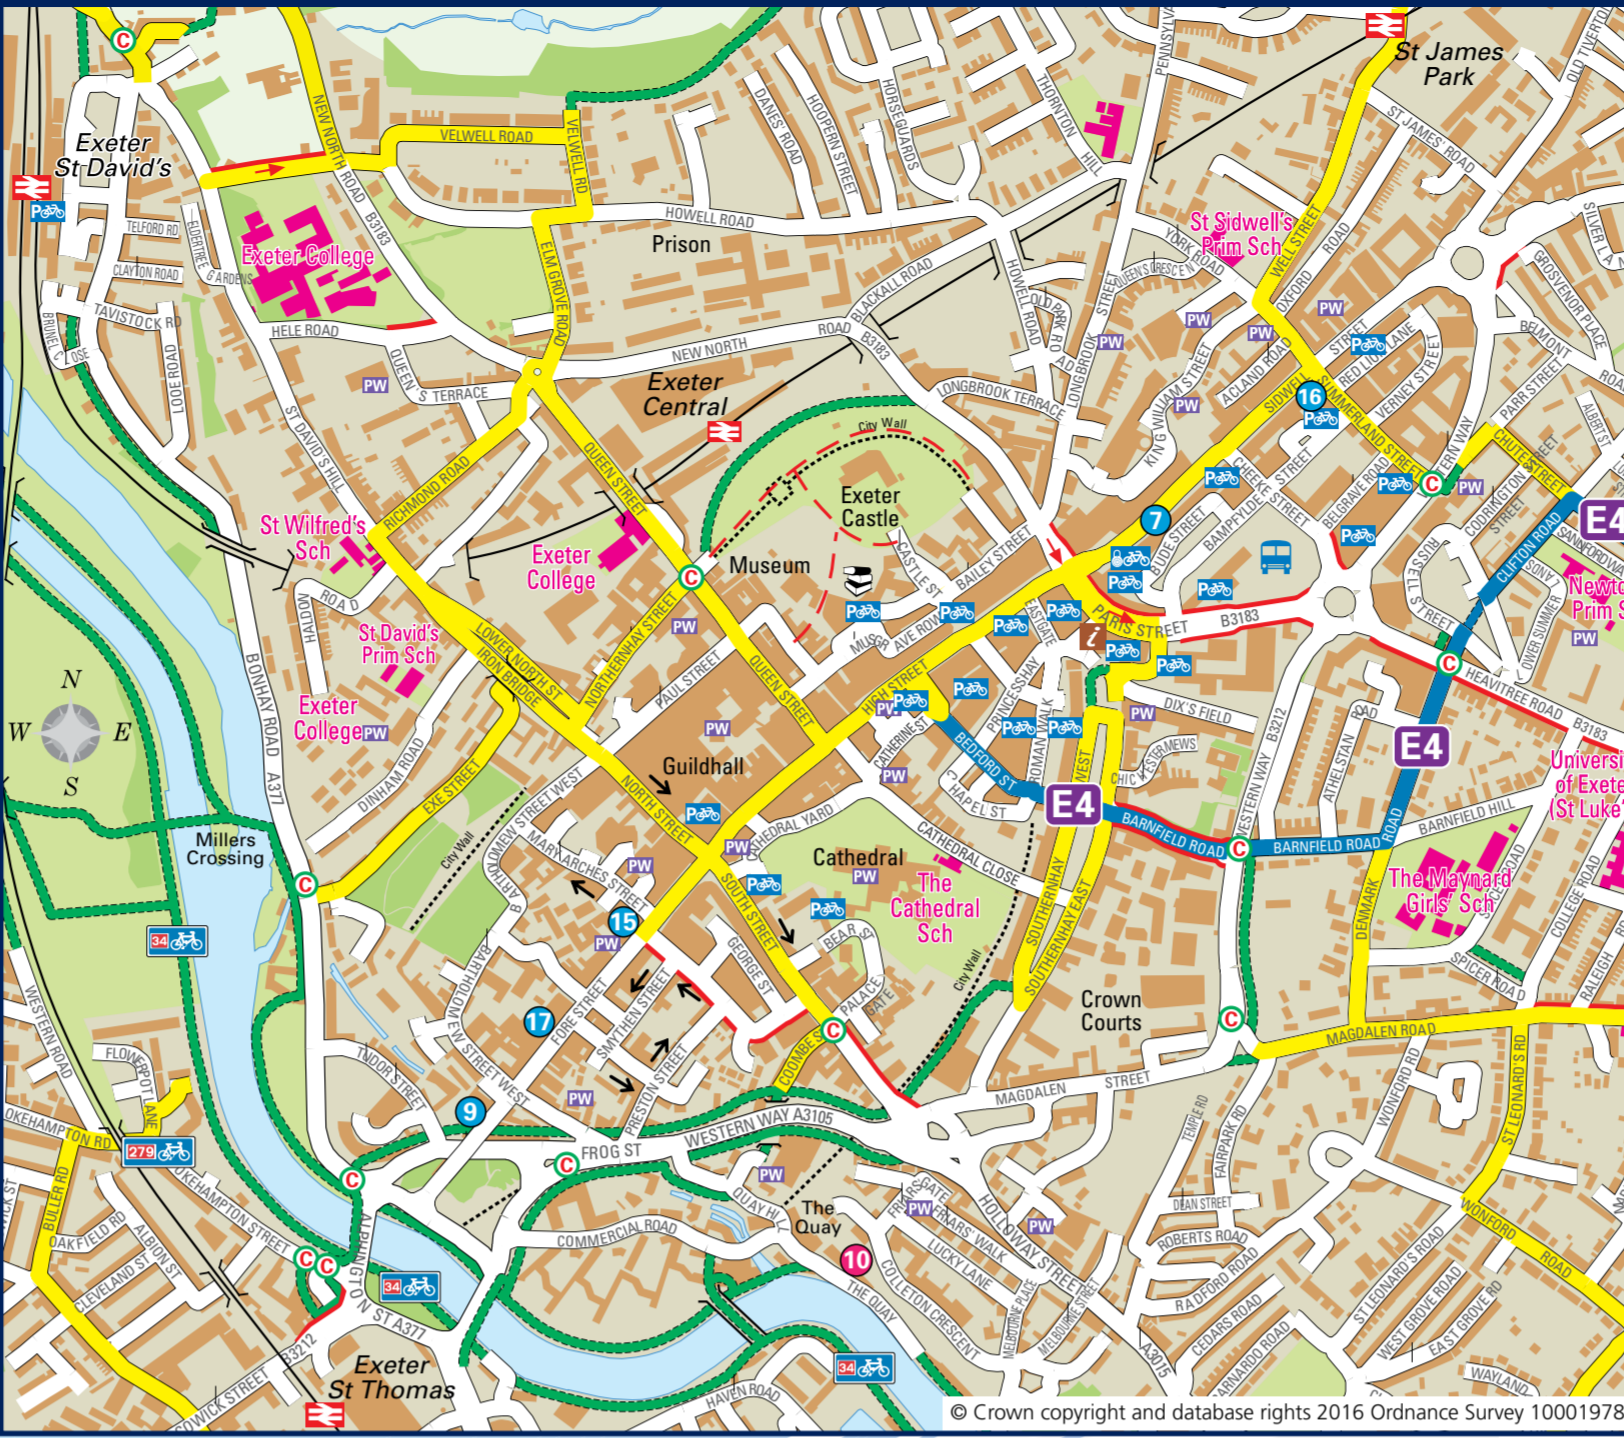

- Get a decent bike lock, D locks are recommended. Always lock your frame and wheels to the cycle stand.
- Make a note of your bike details (model, frame number) and get it insured.

### Savvy cycling!

- Improve your bike skills – good observation and correct road positioning will keep you safe. Cycle confidence courses available for free for adults and children. [www.cycledevon.info/cycle-training](http://www.cycledevon.info/cycle-training)
- Wear a cycle helmet (with a British Standard EN1078) – ensure it is a good fit.
- Use lights at night - front and rear.
- It is illegal to cycle on the footway unless it is specifically marked for cyclists.
- On-road, position yourself where you are visible and keep away from the kerb or parked cars.

# Exeter

Edition 18  
Cycling Guide & Map

# The Exe Estuary Trail

Devon County Council is creating a fantastic new cycle/walkway known as the Exe Estuary Trail. It is part of Route 2 of the National Cycle Network.  
The 26 mile trail runs along both sides of the Estuary, giving access to views as never before. The trail connects 80,000 residents to the city of Exeter and is used by nearly 200,000 people per year.  
Visit [www.cycledevon.info](http://www.cycledevon.info) or [www.exe-estuary.org](http://www.exe-estuary.org) for further information.

# Cycles & trains at Exeter stations

Cycles can be carried on all trains from Exeter stations but at peak times space is at a premium.  
The rail companies have different cycle carriage policies and varied space available.  
If you wish to take bikes you are advised to check the rail company's cycle carriage policy.  
At Exeter St David's Station there are many cycle parking stands inside the station on the platform and outside.

# Signs & symbols

- Route for pedal cycles only
- Pedal cycles are allowed to use the bus lane
- Shared route for use by pedal cycles & pedestrians only
- Be polite and considerate to all path users
- Cycle lane
- Cycle lane goes against the flow of traffic
- No entry for all vehicles (including pedal cycles)
- No motor vehicles (cycling permitted)
- No cycling
- Town Centre
- Route recommended for pedal cycles which differs for other traffic
- National Cycle Network (NCN) Route Marker
- Signs and ground markings indicate segregated route for pedal cycles and pedestrians only (please keep to the correct side)

# save money, be healthier

# Cycle training

Whatever age you are, we can give you the skills and confidence to get out on your bike!  
Why not use two wheels to get to school, to work, to the shops or just for pleasure?  
Young people – Find out when your school is running a course.  
Bikeability holiday clubs level 1, 2 and 3 delivered in school holidays.  
Adults 1:1 cycle confidence sessions available for beginner, intermediate or advanced cyclists.  
To book a cycle training session and for more information, please visit our website [www.cycledevon.info/cycle-training](http://www.cycledevon.info/cycle-training)

# Junctions & crossings

**Toucan Crossing**  
Pedestrians and cyclists share a signalled crossing area. Cyclists do not need to dismount.

**Cyclists Using Pedestrian Crossings**  
Cyclists may use other crossings to cross the road, e.g. pelican and zebra, but should always dismount.

**Advanced Stop Lines**  
A number of traffic signal controlled junctions in the city have advanced stop lines for cyclists. They enable cyclists to get to the front of traffic queues and improve safety, particularly when turning movements are involved.

# Other cycling guides

Cycle maps are available for towns across Devon and guides for family friendly rides.  
**Guides:**
